

Self-propelled Fodder mixing trailers Verti Mix SF

- Maximum performance
- Greatest ease of operation
- Homogenous mixture in no time
- For professional use in the cowshed
- Optimum loading due to high removal performance

The self-propelled model rounds up the large Strautmann fodder mixing trailer programme.

This trend-setting machine represents a real alternative not only for large farms, but also for inter-company use. The whole machine is equipped with a computer-aided control system, thus ensuring optimum harmonization and adjustment of the various functions.

The result: Greatest ease of operation and maximum performance.

Data	Typ	1050 SF	1250 SF	1450 SF
front axle		airfeather, individual wheels		
back axle		rigid		
		double tyres		
Tyres Standard				
-front		265/70 R19,5
